

Parkie

A versatile, high efficiency replacement option for traditional canopy lights and low bays.

The slim design offers maximum clearance below perfect for low ceiling height spaces such as undercover car parks and low ceiling sheds or garages. Optic lens technology delivers an optimised light spread allowing all light to be efficiently used.

IP65

Features:

- Hinged faceplate and 4-point conduit entry for quick installation.
- Optic lens technology offering optimal light dispersion.
- High efficacy of ≥ 140 Lm/W reducing power consumption whilst maximising output.
- Slim design maximizing clearance beneath.

Specifications:

- Voltage input: 100-277VAC
- Power factor: ≥ 0.9
- Efficacy: ≥ 140 Lm/W
- CCT: 5000K
- CRI: ≥ 70
- Operating temp: -10° to $+50^{\circ}$ C
- Ingress protection: IP65
- Dimmable: Dimmable options available
- Warranty: 5 years, First 3 years inclusive of labour

Options:

The options below are special order. Please contact Lumitex for more information.

- Wattages:
 - 30W
- Colour temperature (CCT):
 - 3000K, 4000K

Part Number	Lumens (Lm)	Watts (W)	CCT (K)	Beam Angle
LUMH2360510	8400	60	5000K	140°x140°
